RESPONSIBLY**

# Responsible Gambling Code of Conduct

Northern Territory

June 2021

Official Home of Australia's Lotteries

# Introduction

---

Tattersalls Sweeps Pty Ltd, Tatts NT Lotteries Pty Ltd, New South Wales Lotteries Corporation Pty Ltd, Golden Casket Lotteries Corporation Limited and Tatts Lotteries SA Pty Ltd (collectively known as **The Lott**) conduct world class lottery operations across multiple jurisdictions within Australia under the Tatts, NSW Lotteries, Golden Casket, and SA Lotteries brands and are committed to Responsible Play throughout the states and territories in which they operate. Our games are available through an extensive network of over 4,000 Retailers, who are committed to providing games in a safe, secure and friendly environment.

For most people, playing lottery games is fun and entertaining. Lottery play is rarely associated with causing problem gambling. Notwithstanding this, we have developed Responsible Gambling Codes of Conduct (**Codes**) for each state and territory in which we operate as the cornerstones of **The Lott** Responsible Play Program.

The Responsible Gambling Codes of Conduct act as guides for the responsible service delivery and unfaltering commitment that the community can expect from us and our retail network.

# Objectives

---

- a. To ensure that lotteries remain a socially responsible, fun and entertaining experience.

---

Tatts, Golden Casket and their Retailers are committed to providing the highest standards of customer care and responsible gambling. We support and encourage the responsible play of our lottery games and are committed to The Lott Responsible Play Program (Program). Gambling Codes of Conduct for each jurisdiction form part of this Program. In general, we do not offer games that would:

- a. create any continuous forms of play;
- b. have a strong appeal to minors; or
- c. be offensive or contrary to the public interest.

The Responsible Gambling Code of Conduct – Northern Territory (this document) describes how we demonstrate this commitment in the Northern Territory.

## 3. Availability of the Code

---

A sign indicating the availability of the Code is on display in all Outlets.

A responsible gambling brochure, 'Have Fun & Play Responsibly', indicating the availability of the Codes for each jurisdiction and providing a high level summary of the main tenets of all of the Codes in major community languages, is available for all customers in all Outlets.

## 7. Customer Loyalty Scheme

---

The Lott Membership Club (previously Tatts Card) is a membership scheme which adds security to members' lottery (not Instant Scratch-Its) purchases and where customers can choose to store their favourite numbers. Tickets purchased by the member are registered to their The Lott Membership Club Card. Tatts stores the customer's contact information against The Lott Membership Club and may pay their prizes if not claimed within a defined period (subject to identification requirements having been met). Detailed information including the terms and conditions about the operation of The Lott Membership Club program is made available at the time of joining.

Membership is not available to minors or excluded players.

Tatts does not actively have a schedule of defined rewards which are linked to expenditure; however the database system storing customer information has the ability to extend to these methods. Occasionally, Tatts will communicate about upcoming events or offer members the ability to enter a second chance draw by using their The Lott Membership Club Card to purchase particular lottery products. The winners of any promotions conducted for The Lott Membership Club members are contacted by Tatts.

Responsible Gambling messages are incorporated and prominently displayed in all program documentation.

Should Tatts decide to operate a customer loyalty scheme by offering a scheme of defined rewards based on purchases, all information regarding this customer loyalty scheme will be made available on the Website.

Tatts, Golden Casket and/or their Retailers may conduct local area marketing, an example of which may include offering customers a purchase incentive which may be linked to a purchase of a certain entry type. Local Area Marketing may also include second chance draw promotions which may be based on a purchase of a certain entry type. These promotions may or may not involve the use of The Lott Membership Club Card.

## 8. Pre-commitment Strategy

---

Tatts and Golden Casket encourage customers to set a limit according to their individual circumstances. Printed information is available in Outlets to assist a customer to make a precommitment decision. Online customers are able to set themselves play limits which are also effective in the Autoplay setup. If a customer wishes to increase their play limit, a 7-day waiting period is required for the increase to take effect. If a customer wishes to decrease their play limit the change will take effect immediately.

## 9. Retailer and Staff Training

---

Tatts and Golden Casket Business Development Managers (**BDMs**) and Retailers are trained in the service of responsible gambling. Each new Retailer receives comprehensive responsible gambling training prior to their commencement at an Outlet. Tatts and Golden Casket also produce responsible gambling training materials for Retailers for the purposes of on-training their staff members.

Outlet staff engaged in the provision of lottery products must complete the Tatts and Golden Casket self-paced training within three months of the commencement of their employment.

Refresher training for both Retailers and staff is conducted every two years using the Lott self-paced Responsible Gambling Program training materials. A training register is maintained by Retailers in their Outlet as a record of theirs and their staff training and provided to the Director General on request. Tatts and Golden Casket provide regular updates on responsible gambling to Retailers and staff in retailer newsletters or at network meetings from time to time and on Retailers Web.

Tatts and Golden Casket provide responsible gambling training and materials on induction to all key head office staff members who interact with customers or are active in the development and provision of gambling services or of advertising and promotion. Refresher Responsible Gambling training is conducted biannually for key staff members. Tatts and Golden Casket maintain a register of training for these head office staff training sessions.

## 10. Interaction with Customers

---

Tatts and Golden Casket have designated RPLOs who are available during business hours (approximately 5.00am until 8.00pm Monday to Saturday and 5.00am until 2.30pm on Sunday, but subject to change).

The RPLOs can be contacted on the **Responsible Play phone number 1300 138 132**.

A person who approaches a staff member in an Outlet and asks for information about problem gambling services or indicates a problem with their gambling will be referred to the **National Gambling Helpline on 1800 858 858**, be provided with the Gambling Help Online details and be offered assistance by the Retailer or RPLO.

On request, the RPLOs can:

- a. provide further information and contact details for gambling related support services;
- b. remove players from The Lott Membership Club program and/or stop promotional letters or offers from personally being mailed to the player; or
- c. offer online self-exclusion.

After deactivating their The Lott Membership Club Card membership, no correspondence or promotional material is to be personally mailed to self-excluded players.

Retailers in NT maintain a Responsible Gambling Incident Register at the Outlet. The RPLOs maintain a Responsible Gambling Incident Register of any telephone calls or emails received by customers experiencing a gambling problem.

Players who are noticeably distressed from gambling will be provided with information detailing gambling support services.

For interpreter services regarding Responsible Play, customers will be advised to contact the RPLOs for further information. If required, the Retailer will assist the customer by contacting the RPLOs on the customer's behalf.

Tatts, Golden Casket and their Retailers value the protection of customers' privacy and all interaction with customers will be done with due respect for their privacy.

Tatts and Golden Casket, their Retailers and their staff, must not encourage a person to gamble beyond their means.

## 11. Staff Gambling Policy

---

Tatts and Golden Casket's staff and Retailers are permitted to purchase lottery products (subject to purchasing guidelines).

If a staff member from Tatts or Golden Casket, a Retailer or a member of their staff asks for information about problem gambling services or indicates a problem with their gambling, they will be referred to the National Gambling Helpline and also directed to the RPLO for assistance, with due respect for the privacy of the staff member or Retailer.

Tatts provides responsible gambling training and material to all staff members and new Retailers at its induction training and provides updates on responsible gambling at Retailer network meetings, or in Retailer newsletters and on Retailers Web.

## 12. Problem Gambling Support Services

---

Tatts and Golden Casket are committed to maintaining strong linkages with problem gambling support services. The Lotteries & Keno Operations Team are responsible for maintaining those relationships through meetings or interactions with the local Gamblers Help support services in various jurisdictions.

## 13. Customer Complaints

---

Tatts and Golden Casket both have a Complaint Handling Charter (**Charter**), dealing with complaints about the operation of, or compliance with, the Code. The Charter details the process for customer complaints and is available on the Website.

The 'Have Fun and Play Responsibly' sign and brochure, which are on display and available at all Outlets, advertise the location of the Charter on the Website.

A member of the public can make a complaint to Tatts or Golden Casket (for complaints relating to an Instant Scratch-Its product) in person, by telephone, letter, fax or email.

### **Players 1st Program**

In addition to the Complaint Handling Charter, Tatts and Golden Casket have a Players 1st Program which is designed to ensure security of lottery purchases and prize claims. Measures that are covered in the program include: registering as a member of The Lott Membership Club; ticket security hints and tips; retailer integrity procedures; Players 1st Hotline and email; prize claim procedures; customer service standards; and reminders to players to check tickets carefully at time of purchase.

In particular, the **Players 1st Hotline of 1300 PLAYER (1300 752 937)** is promoted to players for use if there is doubt about what to do with a major prize win or if the player has concerns about the way a lottery transaction has been handled. Any complaints received through this hotline will be investigated by Tatts.

## **14. Minors**

---

Legislation prohibits persons under 18 years of age from purchasing lottery products. Retailers are required to ask for verification of age where they are uncertain whether a customer is at least 18 years of age for lottery purchase or The Lott Membership Club Card applications. If relevant verification cannot be produced, service must be refused. Retailers are also not permitted to pay prizes to minors or allow them to collect prizes on behalf of their parents, guardians or other adults.

In the Northern Territory, minors are also discouraged from selling lottery products. Retailers must not run activities for minors close to the lotteries purchasing area or writing desk and any activities for minors must not promote any aspect of gambling. No activities on the Website or App will be aimed at minors whether the activity involves gambling or not.

Tatts online players are required to undergo an identification process to confirm their identity and that they are over 18 years of age. Before a player's first withdrawal can be processed, Tatts requires that the player verifies this information. Verification must be provided within 45 days otherwise the online account will be suspended. If the verification process reveals that the Tatts online player is not over 18 years of age, the account will be closed immediately and any deposited funds will be returned.

Tatts and Golden Casket do not employ minors in roles which would involve interaction with customers about gambling products.

## **15. The Gambling Environment**

---

Tatts and Golden Casket and their Retailers provide a safe environment and discourage customers from engaging in extended gambling.

Customers who are intoxicated by alcohol or some other substance are not permitted to buy lottery entries.

Staff working in Outlets, or at Tatts, Golden Casket, or any other related bodies corporate, are not to encourage lottery players to provide them with gifts or gratuities.

## 16. Financial Transactions

Tatts and Golden Casket Retailers do not cash cheques, including prize cheques in their capacity as a Tatts or Golden Casket Retailer.

Retailers must pay any prize winnings of \$3,999 and over by an approved method other than cash.

Approved methods include cheque, direct deposit and EFT.

For prizes under \$3,999, options of payment are via cash, cheque, direct deposit and EFT.

Information on the financial transaction policy is on display in all Outlets on the 'Have Fun & Play Responsibly' sign and in the brochure.

Tatts and Golden Casket also incorporate the Lott Responsible Play Program tagline, 'Have Fun & Play Responsibly' into all advertising and promotional material. Responsible Gambling checklist is used by Tatts and Golden Casket in the preparation of marketing material to assist staff compliance for lottery generated promotional material.

Retailers are also obliged to ensure their own advertising and promotional materials, where they relate to Tatts or Golden Casket, comply with the same requirements as above. These requirements are advised to all Retailers in training. Retailers are also obliged to ensure their own advertising and promotional materials:

- a. are approved by Tatts and Golden Casket; and
- b. incorporate the Lott Responsible Play Program tagline, 'Have Fun & Play Responsibly'.

## **18. Retail Compliance with the Code**

---

Tatts monitors Retailers' compliance with the Code through regular site surveys. The site surveys are conducted by an external third party on a continuous basis moving through the network throughout the course of the year. The site survey is recorded in a report. In addition to the survey, as part of the normal call activities by BDMS to Outlets, a check is undertaken of compliance with a range of responsible gambling measures including display of all required signs and information.

## 19. Review of the Code

---

The Code is a dynamic document and will be reviewed annually to ensure it complies with legislation and any ministerial direction.

The results of the site surveys together with feedback from Gamblers Help, BDMs and trainers and through information received from telephone interviews with a representative sample of Retailers and players will be used to inform the review. Areas needing improvement will be highlighted in a review report and put into an action plan for the following financial year by the Lotteries & Keno Operations Team.

## 20. Responsible Gambling Records

---

Retailers in the Northern Territory maintain a Gambling Incidents Register together with a Record of Staff Training at each Outlet. These registers are maintained by the Retailer and stored in the Responsible Play Program folder for inspection on request.

A head office training register is maintained for key personnel trained in Responsible Gambling.

## 21. Privacy Policy

---

Tatts and Golden Casket are committed to maintaining the privacy of player information collected in accordance with its Privacy Policy and takes such steps as are reasonable to protect from unauthorised or inappropriate disclosure of personal information. Full details of the Privacy Policy can be found on the Website.
